

A decorative border surrounds the text, featuring a variety of colorful flowers (red, yellow, pink, orange) and butterflies (blue, green, black) in a repeating pattern.

Spring Planting Time is Here!

Kenosha Montessori School
is once again partnering with Anton's Greenhouse
to help you and your neighbors get a
jump start on Spring planting.

Duplicate order forms are attached.

White copies are kept by the customer as their receipt.
Yellow copies are returned to KMS for order processing.
Additional forms are available from the office.

A pdf version of the order form will be included in the Sunday blast
to share with family and friends.

Use one of your duplicate forms to record their order.

**Return orders & payments (check to KMS) to school
by April 23rd
for customer pickup at Anton's during the month of May.**

This is our Spring fundraiser and families are encouraged
to participate or make a donation to the school.

THANK you for your continued support of our school!

The funds generated are used to support the general budget
and help to keep tuition costs affordable.
